NEWS BY TO-DAY'S MAIL.

Orders have been given to prepare quarters for Mr. Jefferson Davis, in Carroll Hall building inside of Fortress Monroe. It is thought that probably his trial will take place there.

A collision occurred yesterday on the Canadian and Amboy R. R., by which a locomotive was damaged, several cars injured, and a number of the passengers bruised.

The reported burning of Shreveport, La., is contradicted. Can anything in the newspapers be believed?

Twelve indictments have been found against Ketchum, in N. York.

A dispatch from Newbern, N. C., says:—"Mrs. Robinson, a loyal widow lady, residing in Beaufort, N. C., made application for back rent of a building occupied by the Government and a decision recently arrived adverse to her claim, on the ground that Beaufort was a captured city, and therefore all property, including personal, in town, is a lawful prize of war.—This decision will apply to all property and persons in insurrectionary States, which are also conquered territory."

The Washington correspondent of the Philadelphia Press speaking of the expected return of Mr. Corcoran, the banker, says, "It is presumed that he and the government have a fair understanding as to their future relations."

Fitz Henry Warren, of Iowa, has been appointed Minister to Guatemala. He is always in for something or other.

The Washington correspondent of the Philadelphia Ledger states that President Johnson sides with the Southern Bishops on the Southern church question, and there will, therefore, be no trouble in the resumption of their labors in future.

Nearly two hundred persons were on the train on the Northwestern Railroad, on Thursday last, when the ammunition, which filled one of the cars, exploded. Seven of the passengers were killed outright, and nearly all the others received more or less injury. All the cars were blown to pieces, and the engine was reduced to a total wreck.

The anniversary of the martyrdom of St. Peter is to be celebrated in Rome, with religious ceremonies, and a vast concourse of people from all quarters of the world is expected to be present.

The Port Tobacco, Md., Times says that in Charles county, the registration in that county is going on slowly, and that it is thought the qualified voters will average from one-half to two-thirds of the former vote.

MANIFESTO OF THADDEUS STEVENS.—Thaddeus Stevens delivered a speech at the Court House, at Lancaster, Pennsylvania, a few days ago, in which he rejoiced over the successful termination of the war, but is distressed, he says, by passing events. He regards President Johnson's theory of reconstruction as wholly wrong, and would have the South held as conquered provinces. He declared himself to be in favor of confiscating the property of all Southerners worth over ten thousand dollars, who had, in any manner, committed themselves to the prosecution of the war. He estimated that this property would produce a sum of over three thousand millions of dollars, which, he proposed, should be used to compensate loyal men who lost property in the war, to provide homes for negroes, to increase the pensions of soldiers, and towards liquidating the public debt. He stated that this debt, though usually estimated at four billions of dollars, is far beyond that amount, and that the annual expenditure will shortly be not less than five hundred millions of dollars. He "alluded to the plea for mercy to the women and children of the South; but urged that such feeling should not be allowed to influence us. He favored the most rigorous enforcement of his doctrine, even if it should drive all upon whom it operated into exile." Finally, towards the close of his speech, he "boldly avowed his belief that the very existence of the Republican party depended upon the Rebel States being kept out of the Union for a while; their admission would render the success of the Democrats inevitable."

Brandy is now made from water-melons, in St. Mary's county, Md., tasting, it is said, liberally of the melon, but "powerfully strong" and quite palatable."
